CATTLE

PERFORMANCE
in the
PASTURE

FRIDAY, APRIL 7, 2023 | 6:30 PM | MEYER CATTLE SALE FACILITY

An aerial photograph of a lush green landscape at sunset. The sky is a gradient of orange and yellow. In the foreground, a large green field contains several black cows grazing. A small pond is visible on the left side. In the background, there are rolling green hills and a dense line of trees. A small wooden structure is visible on a hill in the distance.

LOOK. POW

P E R F O R M A N C E I

An aerial photograph of a lush green pasture during sunset. The sun is low on the horizon, casting a warm orange glow over the landscape. In the foreground, several dark-colored cows are grazing in the grass. The background shows rolling hills and a line of trees under a clear sky.

OVER. DATA.

N T H E P A S T U R E

Welcome Cattlemen,

I would like to welcome you to the 11th Annual Performance in the Pasture Bull and Female Sale, The Spring Edition. The bulls and females that are offered are bred for balance...look, power and data. Each year, we set goals for our operation. We feel this year we really hit our mark. Cattle that you enjoy looking at on paper, but also in the pasture. Michele, Lexi, Jax and I couldn't be more excited for this offering. As operating costs rise it is more important than ever to select cattle that are predictable and help you remain profitable. It cost you more to care for a poor animal than it does for a good one, and these cattle, we believe, are good. We appreciate you taking an interest and paging through this catalog. The bulls and females that follow in these pages represent what Meyer Cattle is and who we want to be.

About the bulls. We are offering 52 bulls all genomic tested and rank high in the breed in all their EPD rankings. Our offering includes yearlings and older bulls. Not only do we have 18-month-old bulls, but also 7 2-year-old bulls. As you know, age advantaged bulls are hard to find, and we pride ourselves on a good set of older bulls for your appraisal. We develop our bulls slowly on a high roughage TMR ration and run them in large pastures and lots to keep them athletic. The bulls are developed with longevity in mind. We believe in our product and stand behind them and are backed by 100% guarantee the first breeding season.

About the registered spring calving pairs. The spring pairs we are offering are right from the heart of the herd. Many heifer pairs and young cows that really hurt to sell but are excited to pass on the opportunity. These females are what you want your cows to be - good udders, productive, sound, and will do their job. The two-year-old pairs are elite and are truly young donor prospects for the most critical cattleman. Many of the cows selling have bulls also selling in this sale. The Lot 1 and 2 bulls' mothers are also selling. We truly are digging into the herd to offer some great females. The pick of the herd is new for us, but when the cattle look like they do and have the data set to match, we wanted to share in those breed changing genetics. It's fun to sell the good ones and we are excited about the females.

Lola is a household name in the Angus breed. She is part of our family, and we are happy to offer you an IVF flush opportunity on her. She has been IVF flushing well at Trans Ova Genetics, in Chillicothe. Also, in the offering is two fall "Lola" show heifer prospects that we are excited about. Watch social media for photos of those females. They are just young and wanted to have their time to be weaned and on feed prior to pictures.

As our operation has grown, we have only gotten here because of some great people that are behind us and have helped us be successful. I would sincerely like to thank my wife Michele, my dad Robert Meyer, Lexi Koelling, Gregg Zurliene, James Morris, Luke Cannon, Levi Wommack, Gavin Deters, Braden Hunt, Luke Jones, Mike and Tanner Ellison, and Preston Graves. Also, a big thank you to Dr David Hudson of Canton Vet clinic. Dr Hudson is a big part of our operation. There are a lot of moving parts and we couldn't do that day to day at Meyer Cattle without our entire crew. Give us a call if you would like to view the offering.

We are proud of them and stand behind them. Thanks to our past customers that have supported us. If you cannot join us on April 7th the offering will be broadcast live on DV auction with internet bidding available. Thank you for your interest.

The Brock Meyer Family

CARING FOR YOUR BULLS

By Sally Mearns

When you get your performance-tested bull(s) home, observing these management practices will result in the best reproductive performance.

FEEDING

Remember, the bull is a yearling or long yearling and still has some growing to do. Feed the young bull well. Hay and grain plus a protein supplement will be adequate. You should feed five to ten pounds of grain and one to two pounds of protein supplement in addition to full feed of good quality hay from now until the start of the season. Continue to feed liberally so the bull will grow out well.

BREEDING SEASON

Plan to use the new bull in a restricted 45-60 day breeding season the first time. Observe him closely to be sure he is servicing and settling females.

NUMBER OF COWS

The yearling bull should be used on a minimal number of cows or heifers. The number should be governed by his age at the start of the breeding season. The following is a guide:

MANAGEMENT AND HOUSING

The bull should be kept in a well-fenced lot prior to and following the breeding season. A shed or other natural windbreak should be provided. Supply plenty of clean water and minerals free-choice. Treat routinely for lice and grub worms. Run bulls together with caution. Bulls of similar age which have bred cows together will usually work. Check for any unsoundness which might develop. Test annually for Brucellosis and Leptospirosis. Vaccinate for IBR, PI3, BVD and Lepto.

| BULL'S AGE | # OF FEMALES |
|------------------|--------------|
| 12 to 15 Months | 10 to 12 |
| 15 to 18 Months | 12 to 18 |
| 18 to 24 Months | 18 to 25 |
| 24 Months & Over | 25 to 35 |

PERFORMANCE *in the* PASTURE

FRIDAY, APRIL 7, 2023 | 6:30 PM CST | MEYER CATTLE COMPANY HEADQUARTERS | BOWLING GREEN, MISSOURI

LOCATION

14353 HWY 61 EAST OUTER ROAD

Bowling Green, Missouri 63334

The facility is located North of Bowling Green on HWY 61.

Take the east outer road North for 3/4 of a mile.

The facility will be on the right.

TERMS + CONDITIONS

Terms are check or cash, unless prior arrangements have been made before the sale. Cattle sell under the Terms and Conditions of the American Angus Association.

SUPPLEMENT SHEET

An updated sheet will be available on sale day and will supercede any information printed in this catalog.

BREEDING GUARANTEE

We believe all bulls to be fertile and have passed a breeding soundness exam 30 days prior to the sale. All bulls sell with a first breeding season guarantee. Breeding season is defined as 90 days after the first day the bull is exposed to cows. Bulls selling for \$3500 or more are guaranteed against breeding injury for the first season, defined at a 90 day period following the first turnout of the bull. The bull may be replaced with another bull if one is available. Or a credit may be given for the next sale less the salvage value of the injured bull. Please notify us as soon as the injury occurs and prior to the bull being sold. Replacement bulls are not covered by this guarantee. This policy does not cover neglect.

EXPECTED PROGENY DIFFERENCES

EPDs listed in the catalog are current at the printing of this catalog. Bulls with the HD50K logo have been tested and have Genomic Enhanced EPDs for increased accuracy. For updates, visit

www.angus.org.

LIABILITY

All persons attending the sale do so at their own risk. Meyer Cattle Company assumes no liability for accidents, theft or damages occurring at the sale facility. Additionally, all cattle are considered sold after the sale.

DELIVERY

Bulls and females are ready to be loaded upon purchase.

INSURANCE

Thorncreek Insurance Services, Inc.

Troy Alexander217-899-3426

We encourage the purchase of livestock mortality insurance to protect your investment.

SIGHT UNSEEN POLICY

We will guarantee the complete satisfaction of all sale lots purchased sight unseen. All bids will be handled with the highest appropriateness and confidentiality.

VIDEO AUCTION SALE PROCEDURE

All animals selling will be penned at the sale facility. The auction will be conducted inside the barn at Meyer Cattle Company. A video of each sale animal will be played on large screen displays as the respective animal sells. Cattle will not come into the sale ring. Please arrive early to view the sale offering. The auction will be available for viewing and bidding online through www.DVAuction.com.

HEALTH

Cattle will have health papers for out of state purchases. All bulls will have a current breeding soundness exam and are semen tested.

GUEST CONSIGNORS

Ernest Girod

Curryville, Missouri

COMPLIMENTARY MEAL

A beef dinner provided by Meyer Cattle will be available on sale day beginning at 5:00 PM CST.

ACCOMMODATIONS

Super 8573-324-6000

Located in Bowling Green, 3 miles from the sale facility.

When the genomics came back on this set of cattle; our goals had been met. We knew we were breeding the cattle we like to look at, but when the genomics match the calf like this one does - well it was a good day at our farm. Lot 1 is in the top 1% for weaning, yearling, CEM, CW,\$F, \$B and \$W and top 2% \$C at 330. We believe he is elite and out of some of the hottest genetics in the Angus breed. We are excited to hear what you think.

Phenotype, genomics, in a package that you LOVE to admire. He looks the part and his data is something to get excited about. His mother sells as Lot 64 in this sale. Michele is still questioning me on this one. He is the maternal package that you can keep daughters out of and build a herd around. Whoever gets this one, we will be excited to see his calves as bred females. Dream big with him. He covers the bases.

Big Growth Fund son we used heavily last summer. Calves coming by him now look really good. His dam, 9032, was a top donor for us. He is in the top 2% of the breed for weaning and yearling.

DEER VALLEY GROWTH FUND
 Sire of Lots 2, 6, 7, 29 and 50

Calving ease two year old that still tops the charts for carcass merit. Not to mention his mother is Lola. Im not sure if anyone knows her, but she is ok. (See lots 53, 43, 55) Proof that good cattle are good cattle. This bull is good cattle.

The age of the Herefords at Meyer Cattle. We are dipping our toes in the Hereford waters and our Jaxon really loves them. His sister is fond as well. The Herefords are our kids project. It will be fun to watch them explore this new endeavor together. We have the same focus as we do with the Angus, Look and power. We have been fortunate to be involved in some Hereford events and the people and cattle are just great. We hope you enjoy them too. The genetics selected are out of the popular Lowen Genesis and from the Express Ranches popular donor Primrose 4126. The two year old is out of a great cow and Powersurge. Great genetics here.

CONSIGNED BY THE JIM JOHNSON FAMILY

Popular pedigree out of a VERY special cow for our family. The Johnsons are special people to us that invested in this cow family. What a nice bull that is stout and very gentle. Jaxon feeds him hay daily and the bull loves him. Buy with confidence here.

RESERVE GRAND CHAMPION FEMALE
2019 Fort Worth Stock Show

Selling the rights to one IVF Flush to be completed at Trans Ova Genetics in Chillicothe Missouri. What an amazing opportunity. This is your chance to purchase genetics on the 2019-2020 Reserve ROV Show Heifer of the Year. Lola was the Champion Female in Reno, Reserve Champion Female at the American Royal and Fort Worth Stock Show. She won her division at the National Western and North American International, and was the 5th Overall Heifer at the National Junior Angus Show. As a senior yearling, she won her division with a calf at side at the American Royal, North American International, and National Western. Lola is a direct daughter of EXAR Frontier Gal 1405, and Frontier Gal 1405 has sold over a million dollars worth of progeny through Express Ranches sales. Two flushes on Lola sold for \$11,000 and \$15,500 to Wilk's Ranch, TX and LAN Farms in MS.

What an opportunity here... Two heifer calves by two of the popular sires in the breed, by Lola. Pendleton has had so much success in the Ward Brothers breeding program and produced the Grand Champion female at the Cattlemen's Congress. Pendleton himself was the Grand Champion bull in Denver. Blacklist is hot producing some of the elites. Blacklist x Lola embryos recently sold for \$2000/embryo in the Missouri Angus Futurity sale. Both of these heifers are stout - bone and muscle. These genetics are valuable. You will not be disappointed.

We have never offered open females before as we have always retained each of them to build our herd. Our pastures are stocked, and this set is elite with a data set that matches the cattle so well. These three females, we believe are some of the best we have and are offering you the choice of one. We will retain the other two in the herd and build around them. What a great opportunity to purchase a heifer out of some of the hottest sires in the breed including Wilks Regiment 9035, DB Iconic G95, and GAR Hometown. We are excited to see what some of these genetics will do for you!

SHOW BURNING

Dream Big

EXAR Frontier Gal 5121 "Fergie" was named the Grand Champion Female at the Chillicothe Leading for a Cure Show.

Meyer LK Frontier Gal 2022—Lola daughter purchased in the Ward Brothers Sale by Kye Lehenbauer. Second in Class at the 2023 Cattlemen's Congress.

Meyer LK Frontier Gal 2025—Lola daughter that won her class at the 2023 Cattlemen's Congress.

Meyer LK Forever Lady 1129—Ivanka daughter that won her class at the 2023 Cattlemen's Congress.

EXAR Frontier Gal 2631 "Vivian" won her class at the 2023 Cattlemen's Congress.

SUCCESS

FAMILY IS NOT AN IMPORTANT THING....

It's Everything

Lexi was named the 2022 Missouri State FFA Star Farmer.

James Morris is teaching Jaxon all about cows. He has even taught Jax to count by all the donuts they enjoy together.

Jaxon made his showing debut at the Marion County Fair with his sissy and his own cowboy hat.

Lexi was the 2022-2023 Missouri Angus Queen.

We appreciate James Morris help each day at our San Angelo farm. He also is sure to inspect all Lexi's show heifers before a show.

Lexi graduated Bowling Green High School, May 2022.

Jaxon Meyer loves the farm.... Especially feeding hay to the cattle.

A group of black water buffaloes is shown grazing in a field of green grass. The background consists of dense green trees. A large, dark, semi-transparent graphic overlay, resembling a stylized letter 'A' or a similar shape, is positioned in the upper half of the image, partially obscuring the text and the background. The text is white and centered within the dark area.

Thank You
